DETAILED ACTION

Allowable Subject Matter

1. Claims 1-6, 9, and 11 allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 1-6 and 11 are allowed because none of the prior art of record discloses or suggests the remote engine starter receiving the interrogating signal for a second time when the remote engine starter code is not output or does not match the remote engine starter verifying code, in combination with the remaining claimed features.

Claim 9 is allowed because none of the prior art of record discloses or suggests an immobilizer which outputs an interrogating signal to the remote engine starter when it does not receive key code input in response to an activation signal, in combination with the remaining claimed features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

3. Applicant's arguments, see Remarks, filed June 19, 2007, with respect to the objections to claims 5 and 7 have been fully considered and are persuasive. The objections to claims 5 and 7 have been withdrawn.
